Carey advised Codelco on the issuance of 10-year bonds for \$400 million in local markets in Chile.

Codelco (Corporación Nacional del Cobre de Chile) is Chile's state owned copper mining company and is headquartered in Santiago de Chile.

The company will use the capital raised for new investment and refinancing certain assets. This is Codelco's first local issuance in 10 years.

Partners Cristian Eyzaguirre and Francisco Guzmán led the Carey team acting for Codelco.
