Category: [News](#)

Central American law firm Consortium Legal announced the launch of its 10th office in the region, in San Juan del Sur.

San Juan del Sur is a coastal town on the Pacific Ocean, in southwest Nicaragua. It has become a tourist hotspot, attracting investors and property developers.

The new office is a partnership between Consortium Legal and two other law firms, Bendaña & Bendaña, an IP boutique, and Salazar & Bendaña, a real estate-focused corporate law firm. The team aims to provide legal services to the growing business community in the area.

Consortium Legal is now the third Central American law firm to launch in San Juan del Sur. BLP and Garcia Bodan already have branches in the city.
