Machado Meyer advised **Treecorp Partners Gestora** on subscription of equity participation, through two investment vehicles (Coxa Fundo de Investimento em Participações Multiestratégia and Treecorp Fundo de Investimento em Participações III Multiestratégia), representing 90% of the stock capital of **Coritiba Sociedade Anônima do Futebol**. **BMA** advised Coritiba Foot Ball Club.

The investors also undertook an obligation to refurbish Coritiba's stadium, at an approximate cost of R\$ 500 million, and to pay the club's current debt, at an approximate amount of R\$ 250 million.

The transaction's overall value might exceed R\$ 1.3 billion reais, considering the investor's contributions, the club's own revenue generation and raising funds from third parties.
