Bolivian law firm PPO Abogados has represented Eloro Resources in its \$9.7 million Canadian dollar (approximately USD \$8m) initial public offering on Canada's TSX.

The proceeds of the transaction will be used for the exploration and development of the Iska Iska project in Potosi, Bolivia, which has a mineral deposit.

Cormark Securities acted as underwriter and Haywood Securities as a member of the Special Sales Group.

Eloro is a Canadian mineral exploration and development company with a portfolio of mines in Bolivia and Peru, as well as Canada.
