TozziniFreire Advogados starts a partnership with Universidade Zumbi dos Palmares

TozziniFreire Advogados and Unipalmares (Universidade Zumbi dos Palmares) have started an important partnership to bring a practical vision to students, contributing to give them an even broader perception of Law.

The students will receive TozziniFreire partners, lawyers, and attorneys as guest lecturers, accompanied by the main professors of the subjects, mixing law practice issues with academic and theoretical knowledge, focusing on current and relevant issues in the legal market.

For **Clara Serva** (pictured), partner responsible for the Business and Human Rights area of TozziniFreire Advogados, the project provides undergraduate students with access to working tools that are part of the day-to-day practice of law.
